

NANOS DEVELOPMENT COMMITTEE

Purpose: To develop a plan for obtaining funds to assist in fulfilling the goals of NANOS, including obtaining grants and donations from private companies and individuals. The Development Committee works with the Board to stay apprised of the committee-specific goals that the Board wishes to feature in its fundraising efforts.

Read about our funding projects on www.NANOSWEB.org

"I give to NANOS because the NANOS 'family' gives so much to me! I love sharing ideas, learning from colleagues and discovering new ways to provide my patients the best possible care."
Fiona Costello (NANOS Tucson 2016)

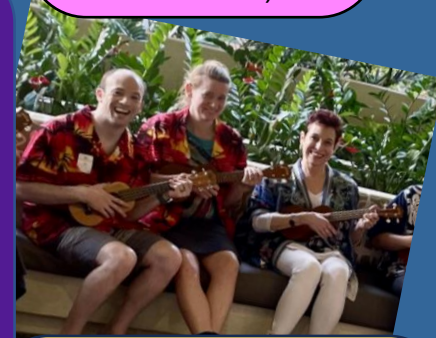

COMMITTEE MEMBERS

Co-Chairs: Mark Moster
Benjamin Frishberg
Vice Chair: Kimberly Wings
Members: Deborah Friedman, Anil Patel
Steven Hamilton, Marie Di Nome
Kimberly Cockerham, Yin Allison Liu
At Large Liaison: Kevin Lai

"We're invested in building the pipeline and encouraging the next generation of Neuro-ophthalmologists to care for our patients, educate our trainees and advance vision science."
Nailyn Rasool (NANOS Austin 2022)

"My reasons for giving to NANOS are pretty simple. Just as much of the work of the Society is done by volunteers from the Membership, the funds necessary to take on new initiatives often come as pilot funds donated by forward thinking members."
Preston Calvert, Lowenfeld Donor (NANOS Las Vegas 2019)

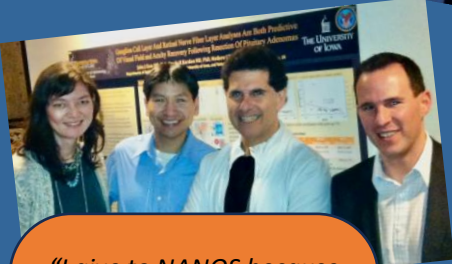

"The NANOS meeting is the best professional meeting on the planet and a family reunion. We are small but mighty. I give because I am so grateful for what NANOS gives to me."
Deborah Friedman (NANOS Honolulu 2024)

It's so easy  **DONATE TODAY!**
Help us meet our meeting challenge!

Donors of \$100 or more get this thank you gift, while supplies last!

"I give to NANOS because of what NANOS gives to its members. It provides a forum to improve patient care, education, research, and collaboration among like-minded colleagues who share a mutual passion of neuro-ophthalmology."
John Chen (NANOS Snowbird 2012)

We wish to thank all the sponsors and exhibitors who helped support the 2025 NANOS Annual Meeting and who contribute to our Strategic Goals!
Read why our own members give back:

"I LOVE giving to NANOS. NANOS is THE organization for neuro-ophthalmology world-wide and it connects the world with neuro-ophthalmic resources."
Kathleen Digre (NOVEL, In Memory of James Corbett, MD)
